Post-Activity

What is supervision?

This activity is intended to reinforce your learning from the session, ensuring you can put the skills gained into practice in your everyday setting.

Preparation

Read “10: Teaching, supervising and assessing” in the attached;

Activity

Reflect on the actions you can implement to increase your effectiveness as a supervisor. Draft a position description for your current role as a supervisor as it presently stands, detailing:

- The purpose of your role
- Your key responsibilities
- Your key attributes that make you the right person for the job
